FALCK RENEWABLES TO DIVEST ESPOSITO SERVIZI ECOLOGICI S.R.L.

Milan, 12 October 2018 - Falck Renewables signed a preliminary sale contract of 100% shares of Esposito Servizi Ecologici S.R.L., for a total amount of 1.07 million euros, with I.M.G. 2 S.R.L., a company operating in the waste management in Lombardy.

The final contract is expected to be completed by the end of January 2019. The payment of the price includes an advance of 150,000 euros to be paid today and the remaining amount to be paid on the closing date. A price adjustment is also expected.

The operation is in line with what was announced to the market on 12 December 2017 on the occasion of the 2018 – 2021 Industrial Plan presentation.

During the 2017 financial year, Esposito Servizi Ecologici achieved revenues of around 7.9 million euros and a negative EBITDA of around 160,000 euros.

Falck Renewables S.p.A., listed on the Italian stock exchange in the STAR segment (“FKR.MI”) and included in the FTSE Italia Mid Cap Index, develops, designs, builds and manages power production plants from renewable sources, with an installed capacity of 970 MW in 2018 (933.5 MW according to the IFRS 11 reclassification) in the United Kingdom, Italy, United States, Spain and France, using wind power, solar power, WtE and biomass technologies. The Group is a global player in the renewable energy technical advisory and asset management services business, through its wholly owned subsidiary Vector Cuatro, providing asset management services to clients accounting for approximately 1600 MW of installed capacity and with experience in more than 25 countries.
