

**FALCK RENEWABLES:
SIMONA GAMBINI APPOINTED AS GLOBAL HEAD OF
COMMUNICATION & STAKEHOLDER ENGAGEMENT OF THE GROUP**

Milan, Italy, 26 April 2021 – Falck Renewables S.p.A. strengthens its management team: Simona Gambini joins the Group as Global Head of Communication & Stakeholder Engagement. Simona will be in charge of managing internal and external communication, sustainability, institutional relations, investor relations, regulatory affairs, branding, and community relations.

Simona Gambini was born in Milan and grew up mostly in Switzerland. She holds a Master's Degree in Economics and Organizational Psychology from the University of Zurich as well as an Executive Master's of Science in Communications Management from the University of Lugano. With more than 20 years of international leadership experience in listed corporations, Simona has a consistent track record as communications and marketing executive with special expertise in branding, media and investor relations, crisis communications and B2B marketing within multiple industries (energy/utility, manufacturing, metals & mining, financial services).

Prior to Falck Renewables, Simona was Head of Corporate Communication at Saurer, a leading globally operating technology group focusing on machinery and components for yarn processing. Before her work of repositioning the Saurer brand, she was - among others - Head of Global Communication and Investor Relations at Vimetco, where she played a crucial role in successfully listing the company at the London Stock Exchange, and Head of Corporate Communications at CKW, a company of the Axpo Group, one of Switzerland's largest producer of energy.

"We welcome Simona at a time of growth for our Group. Simona's decades of international experience in reputation management and stakeholder engagement will be a solid asset in our dialogue with local communities, investors, institutions, and media. We wish her all the best in her work", commented Toni Volpe, CEO of Falck Renewables.

Falck Renewables S.p.A., listed on the Italian stock exchange in the STAR segment ("FKR.MI") and included in the FTSE Italia Mid Cap Index, develops, designs, builds and manages power production plants from renewable sources, with an installed capacity of 1.246 MW (1.209 MW according to the IFRS 11 reclassification) in the United Kingdom, Italy, United States, Spain, France, Norway and Sweden, using wind power, solar power, WtE and biomass technologies. The Group is a global player in the renewable energy technical advisory and asset management services business, through its wholly owned subsidiary Vector Cuatro, providing asset management services to clients accounting for approximately 3,000 MW
