

PRESS RELEASE

Falck Renewables among Top Employers Italy 2022

Milan, 20 January 2022 – Falck Renewables has been recognised as one of Italy’s best employers by the Top Employers Institute for its commitment to creating a stimulating workplace and generating opportunities for its employees.

The Top Employers Institute programme certifies organisations based on the results of their HR Best Practices Survey. The survey covers topics ranging from a company’s people strategy and work environment to learning, well-being and diversity & inclusion.

Falck Renewables’ certification specifically highlights its dedication to creating and promoting opportunities to grow, learn and work together as individuals and teams, contributing to a dynamic workplace which constantly strives to improve. Falck Renewables is committed to providing a professional environment based on the principles of fairness, equity and inclusion, embracing a culture of trust and care for everyone and ensuring that these principles benefit the entire Group.

"We are delighted to receive this important recognition," said Toni Volpe, CEO of Falck Renewables. "As a company our people are our most important asset and a focus on their growth and wellbeing is at the heart of everything we do. Our business success is the result of the consistent commitment of our talented and innovative employees. Being a Top Employer means offering an inclusive working environment, which focuses on the development of each individual's potential whilst ensuring a positive work-life balance."

Falck Renewables S.p.A., listed on Euronext STAR Milan and included in the FTSE Italia Mid Cap Index and in the MIB ESG Index, develops, designs, builds and manages power production plants from renewable sources, with an installed capacity of 1,370 MW (1,333 MW according to the IFRS 11 reclassification) in the United Kingdom, Italy, United States, Spain, France, Norway and Sweden, using wind power, solar power, WtE and biomass technologies. The Group is a global player in the renewable energy technical advisory and asset management services business, through its wholly owned subsidiary Vector Renewables, providing asset management services to clients accounting for approximately 4,000 MW of installed capacity and with experience in more than 40 countries. Falck Renewables also provides highly specialized energy management and downstream services to both energy producers and consumers.
