

PRESS RELEASE

Falck Renewables S.p.A.

Milan, June 8, 2015 - Following the previous press release issued on May 15, 2015, we report that, in response to the invitation to reach a judicial settlement pursuant to Art. 185 of the Italian Code of Civil Procedure formulated on March 27, 2015 by the judge of the Court of Milan, at the hearings held today Falck Renewables, Falck, Elettroambiente, Tifeo, Platani and Pea reached a settlement with the Regional Council and Office of the President of the Region of Sicily concerning the disputes relating to the procedures for the construction of waste-to-energy plants launched in 2002 (the "Sicilian Projects"). Among other consequences, this entails the waiver by all parties of their mutual claims arising from the disputed circumstances and events, the 2002 tenders and the subsequent dealings between the parties in the trials (including the administrative trials pending before the Administrative Justice Council of the Region of Sicily). The settlement does not require any outlay by any of the parties involved.

*Active in Europe with installed capacity of roughly 762 MW in 2014 (726 MW according to IFRS 11 reclassification), **Falck Renewables S.p.A.**, a Falck Group Company is listed on the Stock Exchange in the STAR segment ("FKR.MI"), develops, designs, builds and manages renewable source power production plants. Its mission is to contribute to meeting the energy needs of the population, in accordance with a specific integrated business plan based on the differentiation of production technologies and geographical areas. Thanks to this strategy, the Company is flexible in allocating investments, with the aim of mitigating risks and seizing market opportunities.*
